

FELIPE VELASQUEZ ESCOBAR

JUNIOR SOFTWARE DEVELOPER

📍 Colombia

ABOUT ME

Frontend Developer with experience in JavaScript, React, Django, and REST API consumption. I have knowledge in developing responsive designs using tools like Sass, Bootstrap, Semantic UI, and MUI. I use Git and GitHub for efficient version control. I am currently focusing on strengthening my knowledge in Clean Architecture, Redux, and TypeScript. I am passionate about technology and programming; my goal is to continue learning to become a versatile professional.
